

Crane Training Schools Fort McMurray

Crane Training Schools Fort McMurray - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is searching for a job in the business. Positions for crane operators are in demand because of their high rates of pay. Operators of cranes are amongst the highest paid of whichever heavy machine operator.

Our Crane Operator training provides instruction for various mobile cranes. Course subject comprises Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling.

The Crane Training School program is suitable for operators, riggers and supervisors. Course materials include an informative and manual hand-outs. The safety instruction manual which is illustrated features one hundred to two hundred fifty pages, depending on the course, of vital and helpful material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working.

Hands-On Safety Training would take up more than half of the course curriculum. The practical training part is the most effective method to improving and developing personal skill levels. Only experienced journeyman crane instructors are selected to teach the courses. Our instructors have many years of industry experience.

For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is normally administered for programs which comprise H.O.S.T. Individuals training would be tested and graded.

We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signaller Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.
